

# We are enhancing Guardian security for your continued protection!

A more secure portal for your download of product hotfixes, Microsoft patches, antivirus signature files, and more, will be available starting January 23, 2021.

Take advantage of this security enhancement by applying the following:

1. Update to the current version of the GSUDS applet.
  - Software Updates → Tools → Download GSUDS Applet
2. Revalidate your credentials when downloading from the Guardian website. You will be prompted with a sign in page, as seen on the right, when you download from the website.

**DESTINATION CONTROL STATEMENT**

By downloading from this website, you are agreeing that you will not use the data obtained for export or re-export purposes except as authorized by U.S. law and the laws of the jurisdiction in which the data were obtained.

Many items may not be exported or re-exported (i) to any U.S. embargoed country (currently Cuba, Iran, North Korea, Sudan and Syria) or (ii) to an end-user or end-use prohibited by U.S. law or the laws of the jurisdiction under which the product itself falls and the classification data was obtained.

Diversion of all or any portion of the downloaded data contrary to applicable law is strictly prohibited. By continuing on, you represent and warrant that you are not located in, under the control of, or a national or resident of any such country and are not a prohibited end-user or engaged in a prohibited end-use.
